Dear Madam

Re: 2nd European Student Conference in Mathematics for students of age 12-18
EUROMATH-2010

25-28 February, 2010, Bad Gaisern-Austria

The Cyprus Mathematical Society is organising the 2nd European Student Conference in Mathematics for students of age 12-18 (EUROMATH-2010). The event is organized by the Cyprus Mathematical Society and Thales Foundation, in cooperation with the European Mathematical Society, the Sonderpädagogisches Zentrum Gmunden Süd of Austria and the Department of Social and Political Science of the University of Cyprus.

The event is put under the auspices of his Excellency the president of school administration of Upper Austria Mr. Fritz Enzenhofer and the Mayor of Bad Gaisern of Austria Mr Peter Ellmer.

Students of age 12-18 from any European or International school who may be interested in attending the Conference with or without a presentation can register to the Conference. The Conference will consist of several workshops/symposiums/sessions covering multiple themes. Students are encouraged to present work from projects in mathematics themes.

We would like to ask your support and help in informing and attracting schools from your country that have students of age 12-18. More information and regulations can be found on the website: www.euromath.org.

We hope for your cooperation and wish that your country will be represented in this important event.

With great respect,

Dr Gregory Makrides
President of the Cyprus Mathematical Society
President of the THALES Foundation
President of the European Association of ERASMUS Coordinators
